

RECORD · REMEMBER · RELIVE

About This Keepsake

What you're holding is a collection of voices. Every recording, photograph, and story here belongs to you and to the people who shared them. There is nothing to renew and no account to maintain. They are yours for as long as you choose to keep them.

Everything you need is right here in these files. The page is an ordinary web page and the recordings are ordinary audio, locked to no app and no company. They will still open long after today's devices are gone, even if Memoriphoria is gone with them. You will never need us to hear these voices again.

Still, no file lasts on its own. What survives is what gets copied and carried forward, so keep more than one: on a drive, in a cloud folder, on a relative's computer. That is the whole secret of things that endure.

Nothing here was ever sent away. These recordings were made and kept on the device where they were spoken, and what was said in the room now stays with you.

So keep it somewhere safe. Play it often. Pass it on.

Record. Remember. Relive.
